

Thus were the battle lines drawn in the western Mediterranean:

1. French naval chiefs pledged their Toulon battleship squadron to "resist all aggression" and their move kept the Toulon naval base out of Hitler's hands—for the time being, at least.
2. Twin-engined bombers of the RAF, striking from Egypt, fired 39 planes and damaged as many more in a raid on an airfield near Tunis where an Allied

1. French naval chiefs envisaged their Toulon battleship squadron "resist all aggression" and their move kept the Toulon naval base out of Hitler's hands—for the time being, at least.

2. Twin-engined bombers of the RAF, striking from Egypt, fired 99 planes and damaged as many as 100 on an airfield near Tunis, where the

Hitler May Get Taste of British Evacuation Disasters

(This column, conducted as a daily feature by DeWitt MacKenzie, is written today by Glenn Babb. Mr. MacKenzie, now touring the war zones, is traveling.)

Market Report

GRAIN PROVISIONS

Chicago, Nov. 12.—(AP)—Except for gains ranging up to almost a cent a bushel in the rye and corn pits, trading in grain futures was quiet today as dealers awaited announcement of details of the government subsidy program to release sufficient wheat from the enormous granary to meet floor requirements.

The government program was expected to relieve a strained situation in the wheat trade brought about by complaints of mills in some areas that wheat prices are too high to permit them to sell flour at ceilings.

Good industrial demand for corn and short covering in the rye pit strengthened prices of these cereals.

Wheat closed unchanged to 1-4 higher compared with Tuesday. December \$1.25 78-1.26. May \$1.28 1-2-3-8; corn 1-3-38 higher. December \$1.41-3. May \$1.48; oats unchanged to 1-4 off; rye 38-58 higher. No sales of soybeans were reported but bid and asked quotations were unchanged to 3-4 lower.

No wheat. Corn new: No. 2 yellow 82 1-2-84 1-4; old corn: No. 2 yellow 82 1-2-84 1-4. No. 2 white 82 1-2-84 1-4.

WHEAT: Dec—High 1.26; low 1.25 5-8; close 1.25 7-8-1.26.

May—High 1.28 5-8; low 1.28 3-3; close 1.28 12-5-8.

CORN: Dec—High 84 1-4; low 83 3-8; close 84 1-4.

May—High 89 1-4; low 88 12; close 89.

be served the members and their guests.

Monday, November 16th
All members of the Womens' Auxiliary of the First Presbyterian church will meet at the church, 7:30 p. m. An interesting program has been arranged by members of the Young Business Women's circle.

Miss Cox and Speedy Hutson Are Wed Monday
Of cordial interest today is the announcement of the marriage of Miss Velma Cox and S. A. Hutson on Monday evening, November 9, at the home of the officiating minister, the Reverend Taylor Davis, pastor of the Church of Christ.

Mr. Hutson is the son of Mrs. Wash Hutson, and the late Mr. Hutson of Hope.
The couple will be at home at 611 West Division street, Hope.

John Cain Chapter, D. A. R. In Monthly Meeting Wednesday
John Cain Chapter, D. A. R., Hope, was entertained at the home of Mrs. E. F. McPadden on North Harvey St., at two o'clock Wednesday afternoon, with Misses Mary Carrigan and Daisy Dorothy Heard associate hostesses.

Mrs. Davis M. Biggs of Proctor, State Regent, Arkansas Society Daughters of the American Revolution, was guest of honor for the occasion, bringing a report of the recent Board Meetings of the National and State Societies and telling of the strengthening of committee activities which fit into the war effort. Daughters of the American Revolution are cooperating with the American Red Cross Society to a marked degree and the financing of mobile blood banks is progressing to a point which makes it clear that a fund in excess of One Dollar per member will probably be realized.

Mrs. Biggs urged all members to labor untiringly in Red Cross and other patriotic projects.
Mrs. Catherine Richards Howard, chairman of a committee of John Cain Chapter appointed last month to raise funds to furnish "Buddy bags" for the American Red Cross, reported that approximately \$750.00 had been contributed and more had been pledged. Any surplus will be given to the blood bank fund.

Mrs. Howard, who is a member of the American Doll Society and an authority on dolls, will exhibit her collection on Friday and Saturday afternoons of this week, a portion of the proceeds to also be donated to the blood bank fund sponsored by the Daughters of the American Revolution and administered by the American Red Cross Society.

It was announced that in a recent issue of the National Defense Bulletin, Mrs. J. G. Martindale, Regent of John Cain Chapter, had devoted more than 600 hours of her time to the first six weeks of this year.

Mrs. O. A. Graves, Good Citizenship chairman, announced that Mary Ross McPadden of Hope and Margaret Lillie Beasley of Fulton have been chosen to represent their High Schools in the Good Citizenship contest early next year. The winner will be the Arkansas representative at the National D. A. R. Congress in Cincinnati in April.

Miss Carolyn Trimble, who represented John Cain Chapter this year, not only won outstanding honors, but her essay, first prize winner, was recently published in the magazine of the National Society.

Needlework for the Red Cross occupied the members as a part of their works project for the year. During the social hour the hostesses served a dainty sandwich plate with hot tea.

Other guests for the occasion were Mrs. Mittie McCammon of Fort Worth, Texas, Mrs. S. B. Henry and Mrs. F. G. Ward.

WARM RECEPTION

CHAPTER XXVIII

"QUICK! Straighten things up! Oh, hurry, everybody, hurry! The dinner table—I had everything set. The chairs—my clothes—Oh!"

Nancy Hale was incoherent but she was working furiously now. Automatically the others pitched in. The living room looked like a wreck one moment and looked neat again the next. In spite of Blythe's and Duane's fight with the two detectives, things hadn't been broken. The detective called Ed went over to the window and peeked out.

"So that's them, eh!" he said. "I know them two. By gosh!"

"I don't get it," Duane Hogan began. "Do you mean to tell me, Nancy, or Bly, that you—"

Nancy looked desperate. "I tell you we haven't time to talk now! Duane, dump those clothes back in the closet. And Scooter's toys. I've got to get an apron on and look calm! Don't you understand? Calm!"

"But how can—" The detective spoke again. "Mrs. Hale's right. Help her go through with it. We got to have proof! Evidence, see?"

"Yes! Oh, Duane—you and Blythe. Come with me!"

Frantically now she began to herd all of them right back into that same clothes closet!

First she pushed Duane in. Then Nancy. Next the two detectives themselves. All the while she was stage-whispering instructions to them.

"You must be absolutely quiet! I—they're coming around the building. They'll be careful so nobody will see them start up the stairs. You get back in the closet. Way back! It's big. They used to store gym equipment there. Back against the wall, all of you! Remember the gamblers were to hide in there, too, and they may come snooping, so you—"

"Mrs. Hale, you make 'em talk again, see!" a detective asked. "Make 'em repeat what they said to you before. Everything! And don't give 'em no chance to harm you. They'll have guns that ain't loaded with blanks!"

"Sh-h-h-h-h!" warned Nancy. Next moment the closet door closed.

BLYTHE could feel the utter strangeness here. For the second time in 15 minutes she was in this place, this time not with two but three men. She could sense their presence even if she could see nothing. She could hear Nancy tripping around outside, obviously in last-second arranging of details. Her own thumping pulse was likely to give everything away, Bly felt.

All at once, then, everything else went still.

Nancy could be heard no more. The detective named Ed was still breathing a little heavily from his exertion with Duane. But Duane himself, backed against the closet wall, was like a man of iron.

Slowly, surprisingly—and delightfully—Blythe realized that Duane's arm was completely around her! She could feel the rise and ebb of his own slow breathing as he held her to his side. His muscles were tense. A century dragged by—it may actually have been two minutes—and then she felt Duane stirring.

"You all right?" he whispered, right at her ear.

For answer she squeezed back on the hand that held hers. "I couldn't have stood it," he whispered, "if you hadn't been. If any harm had come to you!"

Good old Duane! The best friend a girl ever had.

"Yes, Duane?"

"They—I don't hear them yet."

"I want to say—Bly—it seems to me the time has come for me to say to you what I've wanted to say. I have to ask you something."

"Nancy was innocent, Duane! I didn't know it either for ever so long. It was horrible. But she wasn't trying to do anything mean. Instead, she was—"

"I wasn't talking about Nancy."

"What?"

Nancy's footsteps again were tripping nervously around outside. One of the detectives felt back through the darkness and touched Blythe in warning to be still. But Duane didn't know that.

"Bly," said he, whispering ever so low, right at her cheek, "You had the courage . . . to come up here alone! To try to—"

"Sh-h-h-h!" the detective ventured, just in time.

Hitler Reported Drawing Troops From Russia

By Frank O'Brien

Ankara, Turkey, Nov. 12 — (AP)—As a result of the new American-British offensive in North Africa Adolf Hitler was reported today to be withdrawing troops from the Russian front and moving them hastily westward to meet the Allied thrust across the Mediterranean.

Such a withdrawal, if carried out, obviously would relieve pressure on the Russians and might enable them to launch a winter offensive with good chances of success, it was stated.

Advices from Istanbul last night said that Rumanian and Hungarian railroads already were crowded with German troops moving westward in the general direction of Greece and Italy.

The movements appeared to be entirely defensive and there seemed no reason to believe that they constituted a possible threat to Turkey, it was stated here.

The Paris radio, however, in a broadcast heard in London today, said that all Turkish soldier sailors and airmen had been ordered to rejoin their units at once.

Observers said it seemed obvious that Hitler had been caught completely off balance by the sudden Allied thrust along the North African shore toward Tunisia—logical springboard for any move against Sicily and Southern Italy.

In his efforts to meet this threat it was considered likely that he would turn Italy into a completely dominated land, little better in status than conquered France.

Nazis Claim Huge British Ship Hit

Berlin (From German Broadcasts), Nov. 12 — (AP)—The German high command said today the 33,000-ton British passenger ship Queen Elizabeth, sister ship of the Queen Mary, had been torpedoed in the North Atlantic.

(There was no confirmation of this report from Allied sources, and the German high command did not claim that the ship had been sunk.)

AFTER ALL BOYS,
New York — (AP)—Four university boys, given a day off from school to collect scrap, decided they would do a good job of it. They discovered what looked like an old yard and picked up what looked like old tools.

A short time later the owner of a concrete company had them hauled into jail. He charged them with taking valuable business tools regularly used in his work.

REPHAN'S WINTER VALUES

Bobcats Tangle With Malvern Here on Friday

Friday night the Hope High School Bobcats again will be top favorites when they tangle with the Malvern football team at Harmon Stadium.

The Cats were hoped to take the Preseason by a big score last weekend, but emerged only 13 points ahead at the end of the contest. The same thing could happen this week as Malvern is reported to have a stronger team than Preseason one that could possibly upset the Hope boys.

The Hope boys will be seeking their third conference win, holding victories over Jonesboro and Camden while losing to El Dorado and Hot Springs. In season play they have won five games against three losses.

Last weekend the Bobcat star, J. C. McCullough, turned a large portion of the ball-playing over to his teammate Huddleston who scored one touchdown and rolled up lots of yardage. McCullough left the game in the last quarter with an ankle injury, but is expected to be in fine shape tomorrow night.

The game starts at 8 o'clock.

Logical Conclusion
In his latest epistle to the press, Jimmy Johnston describes his new heavyweight, Adam Spencer, as a real descendant of Ham.

Which, was seen, it makes him half of a ham-and-egg fighter.

The average automobile, when dismantled for scrap, yields 1,500 pounds of aluminum, and 50 pounds of rubber.

SIDE GLANCES

By Galbraith

"Of course I miss the money—but more than that, it's pretty lonesome and dull without all those interesting travel stories the tourists used to tell!"

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
Wide World Sports Columnist

New York, Nov. 12 —(AP)—Mention boxing "style" to an ordinary fight fan and he may have a vague idea what you're talking about. Bring it up around the fight mob and you'll find they take it very seriously although explanations usually stop at saying that one fighter is "orthodox" and another isn't.

A good matchmaker, you hear, is one who pairs up opposing styles to make a good fight. . . . And a good manager can teach his fighter a style that will cause trouble for an opponent. . . . For instance, Joe explained, "I couldn't fight him; he fought me sideways."

Later Al Weil figured it out that Arturo Godoy could get along along against Louis by ducking down almost to the floor—and it worked. . . . And before you get out, somebody is sure to explain that tomorrow's Alie Stolz-Beau Jack affair at the Garden should be a swell scrap because Alie is a stylish boxer and Beau Jack a fast puncher whose style is to have no style at all.

All In Fun
Employees at a Pittsburgh hotel are telling one about a blown-in-the-bottle grid fan who turned up last Saturday, waving an Ohio State banner and asking the way

to the Pitt stadium. . . . Informed that the Pitt-Ohio State tussle was to take place in Columbus, he merely grinned and said, "Oh well, let's have a good time anyhow."

One-Minute Sports Page
Bill Burke, the 1931 Open Golf champion is working in the same Cleveland aircraft plant as Ballplayers Joe Vosmik, Roy Weatherly, Ray Mack and Al Milnar.

Trainer Burrey Parke has decided to winter the colts' legs. . . . And Detroit to the cities going in for big-time college basketball doubleheaders this winter with Oregon State, Harvard, Washington State and Southern California due to appear at Olympia.

Eddie Walker, Chalky Wright's manager, is offering Kid Kaplan \$300 to come down from Hartford for five days to train Wright for the Willie Pep fight. . . . Volorado College has given up hockey for the duration. No good opposition within 1,000 miles.

Today's Guest Star
Bob Hoey, Columbus Ohio State Journal: "If Joe Gordon was 'floored' when informed he had been selected as the American League's most valuable player, he probably was knocked out when Judge Landis announced that the Yankee second baseman \$250 for his run in with Empire Magerkurth in the World Series."

Service Dept.
Ben Sohn, former star guard at Southern California, and Frank Reagan, ex-Penn and New York Giants' back, are instructors at the Marine Officers' school at Quantico, Va. . . . Which indicates they have something besides muscles and clippings. . . . Petty Sealzo, former NBA featherweight champ, reports for induction at Camp Upton, N. Y., today. . . . And Jackie Fields, ex-welterweight boss, is at Camp Meade, Md. . . .

Miami, Tulsa Nation's Top Defensive Teams

By ARNOLD DERLITZKI

Chicago, Nov. 12 —(AP)—Tulsa's unbeaten and untied Hurricanes now have a rival for honors as the nation's top defensive team. It's the Miami of Florida.

The American Football Statistical Bureau said today that Miami at first was not regarded as a major team, but because of its record and opposition, it no longer could be ignored in the national tabulations.

Although beaten twice (by Jacksonville Naval Preflight, 14-0, and by North Carolina State, 20-0) total defense figures show that Miami has held its opponents to an average of 33 yards a game for six contests. Right behind comes Tulsa with 101. Miami has defeated Tulsa, St. Louis, Rollins, and Furman and has yet to play Florida, South Carolina and West Virginia.

Tulsa boasted a 90-yard average until its meeting with Oklahoma A. and M. last week. Then it not only gave up more ground than usual but also permitted the first touchdown by an opponent, although winning 34-6.

Miami and Tulsa also ran one two in pass defense where Miami had allowed its foes an average of 28.8 yards a game and Tulsa 31. At rushing defense, where Boston College was far ahead of the field with a 26.9 yard average, Miami held eighth place with 66 and Tulsa ninth with 67.

But the well-balanced Tulsa machine had no opposition from Miami in the offensive departments or in punting. Its Hurricanes continued to run first in team punting and punting, but had to give up the lead in total offense to Georgia.

Georgia, paced by Frankie Sinkwich, was averaging 433.9 yards a game to Tulsa's 327. Ohio State, out of the 400 class for a week, bounced back with 324 of three places. Then came Missouri 294; Boston College 374; Hardin-Simmons 372 and Texas 359.

The first five leaders in team rushing remained unchanged from last week. Lardner Simms, led with a 340.7 average. Ohio State had 416. Missouri 391, Texas 273 and Boston College 273.

Chicago, Nov. 12 —(AP)—The American Football Statistical Bureau came up with these "mosts" today among the nation's major grid teams:

Most pass interceptions — 32 by Stanford (for 191 yards).
Most yards from interceptions — 375 Wisconsin (from 21 interceptions).
Least number of interceptions of own passes — none in 46 attempts, Hardin-Simmons.

Most yards against Tulsa — Boston College 152, Missouri 151.
Most yards against pass — completed 21 against — Missouri 67; Kentucky 66.
Line accounting for greatest yardage loss to opposing ball carriers — Texas A. and M., 311 yards.
Most yardage gained from punt runbacks — 685 by Tulsa.

Georgia Tech to Get Test From Alabama

Atlanta, Nov. 12 —(AP)—With "bowling" pixies under foot, Georgia Tech's undefeated Yellow Jackets meet Alabama Crimson Belles here Saturday in a game that dominates a major portion of the national football spotlight.

The 32,000 Grant Field seats were sold out weeks ago.

Boasting a tremendous line that hasn't allowed a single touchdown by rushing this year, Alabama will attempt to stop one of the country's most diversified attacks when Tech's horsemen go on the offense. Only by stopping every offensive weapon known to football can the Crimson halt the bowlbound march of the engineers.

Last odds quoted by cautious gambling gentry around these parts give the Jackets a 75 edge, but on the face of the record even these short odds are questionable.

Alabama has beaten four major teams—Mississippi State, Tennessee, Kentucky and South Carolina. Tech has taken the measure of five. They are Auburn, Notre Dame, Navy, Duke and Kentucky. The Tide lost to Georgia for its only defeat.

Durocher, Rickey to Confer Today
New York, Nov. 12 —(AP)—Manager Leo Durocher of the Brooklyn Dodgers is expected to arrive here today or tomorrow for a conference with Branch Rickey, successor to Larry MacPhail as front office boss of the Brooklyn National League entry. As yet neither Durocher nor Rickey has so much as hinted as to Durocher's prospects of managing the club in 1943.

For sheer fun, British evacuee children at the Glyndebourne Nursery School, in Sussex, find nothing better than testing a stirrup pump in this unorthodox manner.

Flashes of Life

By The Associated Press

Too Ducky For Words

Indianapolis—All an unidentified caller wanted to do was to report to police headquarters that his pet duck was missing, but he got involved in departmental red tape.

The switchboard operator asked him to repeat his message to the radio dispatcher. This officer advised the caller to report the circumstances to the record clerk and was about to transfer the call when the exasperated duck owner broke in:

"Let it go. I'll raise another duck."

Social Call

Pullman, Wash.—There was a rat in the Lambda Chi fraternity house at Washington State college.

Dr. Mary K. Turner, called in to treat four members for rat bites, said cars, faces and hands had been nipped.

Art Peterson, awakened by a nibble, led a defending army of pajama-clad, broom-armed Lambda Chis.

The rat escaped.
Cotton Top
Casa Grande, Ariz.—John Gor-

don, who claims he's 163 years old, is going back to work as a cotton picker.

The transplanted Tennessean says he picked cotton during the Civil, Spanish American and World War, and, by cranny, he can do it again.

His brother, Robert, recently picked 299 pounds of short staple in a day.

Robert isn't so old, though. He's only 80.

3 Arkansans Are On Navy's Casualty List

Washington, Nov. 12 —(AP)—Three Arkansans—one wounded and two missing—were listed on the Navy's casualty report for the period from Oct. 16 to Oct. 21, inclusive, released today.

John Thomas Jobe, fireman, 3rd class, was wounded. He is the son of Mrs. Elizabeth Jane Jobe, of Perry.

Missing were Emerson Howard Bowman, mess attendant, second class, whose wife lives at Searcy; and Otis Thomas Glenn, fireman third class, whose mother, Mrs. Sarah Louise Glenn, lives at El Dorado.

El Doradoan Alive
El Dorado, Nov. 12 —(AP)—Otis

Louisiana Boy Tops Scrap Collection

Washington —(AP)—An 11-year-old Louisiana boy spent his vacation urging local farmers to get out their scrap. He conducted all the transactions himself, paid the farmers, did an average daily business of \$27 and collected 400 tons of scrap which he sold for a profit of \$2,736. This achievement tops the records for individual scrap collections, according to the Office of War Information.

Lack of gas and tires will keep all of us from seeing this old world—and a lot of us from seeking the next.

Thomas Glenn, fireman third class, who was listed as missing in today's Navy casualty list, was still very much alive a few days ago when he left El Dorado to resume his duties at San Diego.

The Navy's list was made up last week, and subsequent to its preparation the error regarding Glenn was reported to the sailor's family here but not in time to correct the official list.

Glenn is a survivor of the carrier Wasp which was sunk in the Solomon Islands fighting.

IMPORTANT NOTICE!!!!

Warns Against Improper Gas Connections

H. T. Buchanan, chief engineer for the Arkansas Fire Prevention Bureau, asked today that persons having gas heaters connected after summer months use prevention in seeing that all connections are leak-proof.

He said that due to the shortage of plumbers and lack of copper and galvanized iron connections, many people are connecting their own heaters and using old equipment. A leakage of only one cubic foot of gas in 2,000 cubic feet of air will cause an explosion from any sort of spark or flame, and will check gas connections at once to prevent damage to property and loss of life.

"For these are the lasting, truthful things..."

This is an American soldier.

He goes to war not with any fanatical theories of race superiority, of any special "place in the sun," nor any desire to rule the world by fire and by sword. He fights for something greater. For decency—for his loved ones—for his Country, not as some war-like symbol, but as the one great refuge in this world where the humble, the meek, and the righteous may live and work in peace.

This is why he must win. For these are lasting, truthful things. They are not temporary drugs for the mind, but steadfast things of the heart and the soul. And when the flame of fanaticism finally flickers and goes out, the fires of American decency and honor will still burn.

It is this same sense of decency and honor that has bound us all together. We know we cannot all fight. But there is something we can do—and *are* doing—to help. We can help provide the guns, the planes, the tanks, and the ships to put *might behind the right.*

By the tens of millions, Americans are saving for Victory in the War Bond Payroll Savings Plan. Every payday we employees, workers and bosses are putting aside 10% of our pay—a dime from every dollar—and every time these savings amount to \$18.75, we get a War Bond. And—because this is the free American way—our money is working double. First it goes in a mighty flow for the instruments of Victory, then—ten years later—it comes back to us, *four* dollars for every three we've put into War Bonds—\$25 for every \$18.75.

Now look at the picture again. Then imagine that this soldier were *your* brother, *your* son, or *your* sweetheart.

Would ten percent of your pay, in War Bond savings, be too much to help him win—and *live?*

5 Reasons Why

- 1 By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
- 2 You prove that you are a patriotic American.
- 3 You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
- 4 You prove to our enemies that we are a United People.
- 5 You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's *safest* investment, by buying a share in the world's most powerful country.

Library Notes

The October report of the Hem-
lock County Library System shows
that circulation has increased over
the previous month. The Washington
Branch Library led with a circula-
tion of 684 books and 113 war
pamphlets. 18 new borrowers were
registered during the month bring-
ing the total membership to 188.
Fifteen reference questions were
answered.

Fulton Branch Library circulated
224 books and 35 war pamphlets.
Eight new borrowers were added
to the roll making the total mem-
bership 203.

Blevins Branch Library was open
one week to the public. This library
circulated 165 books.

The Hope Headwaters Library
circulated 1218 books and 30 war
pamphlets. 55 new borrowers were
registered during the month bring-
ing the total membership to 680.

400 books were circulated through
Patmos school. 524 through Hope
High School. 392 through Guernsey
School and 44 through Rocky Mound
School.

The total circulation for the en-
tire county library was 3090 books
and pamphlets.

Believes Very Few
to Store Automobiles

Little Rock, Nov. 11 (AP)—State
motor vehicle division supervisor
Frank D. Clancy expressed belief
today that less than five per cent
of Arkansas motorists would store
their cars next year despite thin-
ning tires and impending gasoline
rationing.

Based on his estimates on issuance
of 1943 licenses, Clancy predicted
the 1943 license sales would approx-
imate the \$3,953,000 revenue from
1942 licenses.

New license sales through last
Saturday amounted to \$100,113.33—
about twice the amount taken in
during the first 10 days of license
sales last year.

London's Buses

London (AP)—The capital's buses,
trains and trolley buses will be painted
oxide red—a brownish red appearance
—instead of the present bright red
when they need a new coat of paint
authorities have announced.

Love Is Strange

Bridgewater, England (AP)—Ninety-
year-old Henry Allen and his wife, 76-
year-old Mrs. Harriet Amelia Ewers
have returned to their Somerset home
after Allen's fourth marriage and his
wife's second.

Some food heats the blood, a doctor
observes. And some actually
makes the blood boil.

Department Store
Sales Are Increased

St. Louis, Nov. 11 (AP)—Dollar
volume of department store sales
in the eighth federal reserve dis-
trict in October was reported to
day 20 per cent higher than in the
same month last year.
The federal reserve bank issued
these figures for individual cities:
St. Louis, 12 per cent increase;
Memphis, 28 per cent; Little Rock,
44 per cent; Springfield, Mo., 22
per cent; Fort Smith, Ark., 56
per cent; and a group of cities includ-
ing El Dorado and Pine Bluff,
Ark., and Jackson, Tenn., 25 per
cent.

Railroad's Buffalo
Becomes Extinct

Cumbe, (AP)—For 65 years the Union
Pacific railroad bridge over the Missis-
sippi river was a symbol on the western
end by a giant buffalo head to sym-
bolize the west and on the eastern
end by a large iron pillar, whose de-
sign of a plow, a harrow and a steam
hammer symbolized eastern industry.
But no more, for the historical pier-
ces, cast in 1887 by Etienne Favy of
New York City, is to be changed for
their high copper bronze content. The
buffalo head, 7 1/2 feet high, is es-
timated to contain 2,500 pounds of bron-
ze, the has relief 1,000 pounds.

Precious stones are composed of
very simple elements. An opal, for
instance, is flint and water, while the
blat of the sapphire is the chemi-
cal action of one grain of iron on 100
grains of aluminum.

Navy Airman All Praise for U. S. Planes

Hollywood, Nov. 12.—(AP)—A vivid story of how American planes can take it was told by Lt. John H. Jorgenson, member of a Navy squadron which sank a Japanese aircraft carrier between the Solomon Islands and the Louisville Archipelago.

Lieutenant Jorgenson, of Leavenworth, Kas., said in an NBC broadcast that after an anti-aircraft shell had knocked off the left aileron of his Douglas SBD dive bomber and filled the wing full of holes, he and his partner bent off one Zero after another.

The Zeros shot out his windshield, chopped off the telescope sight, cut his oxygen tube and smashed his instrument panel with incendiaries. They, in turn, shot down two Zeros, chased away a third and landed for the protection of the clouds.

"We were flying with a gas gauge, a compass and a clock," said Jorgenson.

As he ventured out of the clouds again, the Zeros came in to make the kill. One made a head-on run and put the engine out of commission temporarily before going down in flames.

Jorgenson, hit in one leg by a bullet, made a tourniquet of his belt, managed to revive the engine and again headed for the clouds.

Then he sighted the rest of his squadron and had protection back to the carrier. But he ran out of gas, made a crash landing in the water and was picked up by a destroyer.

Looking over his plane, he noted that the wheels were gone, the front of the fuselage was ripped open, half his gas tank was shot away and the aileron was wrecked.

"But still she brought us home," he said. "Our planes really can take it."

His radioman-gunner, Tony Brunetti of New London, Conn., escaped without a scratch. But his clothes were torn with bullets, said Jorgenson, and one had taken the rubber heel off one shoe.

Rotary Club to Welcome District Head

The Rotary Club of Hope tomorrow will welcome Mr. A. Howard Stebbins, Governor of the 138th District of Rotary International, which includes fifty-five Rotary Clubs in Arkansas.

Mr. Stebbins is President of Stebbins & Roberts, Inc., in Little Rock, Arkansas, and is a member of the

A. Howard Stebbins

Rotary Club of Little Rock. He was nominated as Governor at the conference of the 138th District held last April in Hot Springs, Arkansas, and was formally elected at the annual convention of Rotary International in Toronto, Canada, in June.

Mr. Stebbins will visit the Rotary Club to advise and assist President Bill Wray. See Larry Tom Brewster, and the commitment of the club on matters pertaining to club administration and Rotary service activities.

Governor Stebbins will hold office until shortly following the 1943 convention of Rotary International, which is scheduled for Philadelphia, Pennsylvania, next June.

Manhattan

By GEORGE TUCKER
Wide World Features Writer
New York — Some lawyers' client pay off with potatoes, poultry and smoked hams. Attorney Dave Wolper got paid off with a night club — the Hurricane, sometimes called Tahiti — on Broadway. It's an odd story, full of bypaths, but that the Hurricane has turned into one of the biggest money-making spots in town is not the least illogical—if you know Dave Wolper.

He's a big, solidly built fellow of some 185 pounds who looks like the ex-chef fullback he is. He has a round, cheerful face and is an opportunist both with humor and business.

The story begins in New York city in 1901, when Dave was born, son of a doctor who specialized in obstetrics. His father, until one year when he voted wrong, did a good business with Tammany politicians, and wanted Dave to be a doctor too. But Dave was more interested in football than a career.

He was a four-letter athlete at DeWitt Clinton high school, but before he got his first game, with Hamilton Institute, he did a hitch in the Army during World War I. He chose Brown university, after turning down scholarships at half a dozen other schools, and although weighing only 130 pounds as a freshman fullback he placed on Walter Camp's third All-American team.

Life was pleasant at Brown. One of Dave's roommates was Quincy Reynolds. Besides playing football, basketball and baseball, Dave took part in a musical show as a song and dance man. In his third year he decided upon a career—law. He left Brown for Syracuse, and when he graduated he came to New York.

His father gave him a fistful of money and told him to take a trip to Europe, but Dave spent it on a god time. Then he went to work with a big law firm, with which he spent five years.

Eventually he met Seymour Robinson and they set up their firm, specializing in theatrical clients. In their first three weeks they pocketed \$16,000—but poured \$3,000 back into a bad play whose cast included Leslie Howard, Gregory Ratoff, Rosalind Russell, Warren William, William Gargan, Melvyn Douglas and a youngster named Clark Gable.

Robinson left for Hollywood to write and Dave went back to his clients. One was Virginia Hill, Georgia heiress, who had \$5,000 invested in the floundering Hurricane. She couldn't get her money back, so in April 1934 she turned over her interest to Dave as a fee. Dave added enough to make up equal shares with Irving Zussman and James Shean, the other owners, and plunged into the business zestfully. Six months later he and Shean bought Zussman's share from profits.

You can see now why the Hurricane has prospered. Theatrical-wise Dave, lover of a good time, knew who to hire for the Hurricane's shows. And Shean shines in handling the restaurant end. They're a good team.

WAR WORKERS
Arkton, O. —(AP)—Left-handed monkey wrenches, striped paint, key links and other classic items of fiction used in kidding new hands around a shop will have to move over and make room for a new array of wartime things that are factual but sound even stranger than the fictitious articles.

A green hand at the rubber works, for instance, might think you were kidding him if you sent him to the stock room for a "hydrogen cell sack holder." But a review of new wartime products being made in rubber plants indicates such an errand would be strictly on the up-and-up. The hydrogen cell sack holder is used in a hardness-testing process for Army lat.

Some other new items in the rubber manufacturers' vocabulary are: TNT drain-off hose, oddment trays, brow pads, fulminate dumping tray, sight shields, and hypochlorite reservoir bags.

In early Biblical times, cedar symbolized strength and worth.

Prepare for Cold Weather Now

Now is the time to buy the things you'll need for the entire family this winter. Make Geo. W. Robison & Co. your Shopping Headquarters.

NEW DRESSES

Ladies' smart new wash silk dresses in all the new shades for Fall and Winter wear. Dark grounds with small prints.

Accused Officer Is Released From Navy

San Francisco, Nov. 12 — (AP) — A lieutenant commander, has been discharged from the Navy. Lieut. Mark C. Aroff, former naval press relations officer at Washington, D.C., was released last night. Lieutenant Aroff declined to elaborate on his own statement.

Aroff was tried by court martial last summer on charges of misconduct and falsehood. The six-man naval court martial found Aroff on seven charges, one of which was that he accepted a \$500 auto from Tony Martin, singer and dancer in the Navy as a chief of staff.

Aroff, former Hollywood plumbing contractor, denied most of the accusations against him, including the one involving the auto which he testified he had arranged to buy. He had paid \$375 on the car, and gave the court a check for the rest.

Washington

By JACK STINNETT
Wide World Features Writer

Washington — The capital observers are just now dusting themselves off and getting back on their feet. That election knocked them for a ground-loop.

There have been landslides before and there will be again. But the old horses around here can't remember one that caught the politicians themselves farther off base. Republican Leader Joe Martin and his cohorts, having their sweetest dreams, didn't see anything like that. Sen. Alben Barkley and his boys had night-

Now She Shops "Cash and Carry"

Without Painful Backache

When disorder of kidney function permits poisonous matter to remain in your blood, it causes nagging backache, rheumatic pains, fatigue, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

The Desert Song Is Tea for Two

Like the colonel's lady and Judy O'Grady, general and Tommy both like their tea, so Gen. Bernard L. Montgomery, commander of the British Eighth Army, accepts a cup from a gun crew member.

Photos Show Metal 'Hills' of New York

By H.W. BLAKESLEE
Wide World Science Editor

Schenectady, N.Y. 8 masks which are incredibly thin, made of a transparent plastic less than one-tenth of a wave length of light, are being photographed by the electron microscope.

The masks are of the polished faces of samples of metal. After rough and all other scientific ingenuity has done its utmost in polishing a flat metal surface, the face is still full of hills and valleys, peaks and pits.

The plastic masks, when peeled off such a polished surface, retain on the under side the impression of these irregularities. The result is that the thickness of the film varies greatly, despite its unbelievable thinness.

When placed under an electron microscope, this plastic mass permits the electrons to pass thru to the photographic film. But less electrons get through the thicker parts of the mask, since electrons have very little penetrating power.

The result is a shadow photograph of X-ray type, where the shadows are light or dark, exactly like the patterns of hills and valleys in the mask. The photograph therefore is a perfect picture of the face of polished metal, despite the fact that the electron eye never saw this face.

By this system the electron microscope enlarges the irregularities of the metal face by about 20,000 diameters.

ABANDONED QUARRIES WORKED FOR SCRAP

Washington — (AP) — Abandoned quarries are being worked for scrap metal wherever practicable, according to the Office of War Information. A Michigan quarry holds 22 years' accumulation of dumped steel, stone, brick, car wheels, electric railway, car wheels and trucks, heavy copper wire, a three-ton pumping engine with its boiler, and tons of other metal.

An inventory of all new commercial motor vehicles has been ordered by the War Relocation Authority. Approximately 35,000 dealers, banks and finance companies will list vehicles in their possession.

A small commercial shipment of tin has been produced in California since the war cut off Malayan supplies.

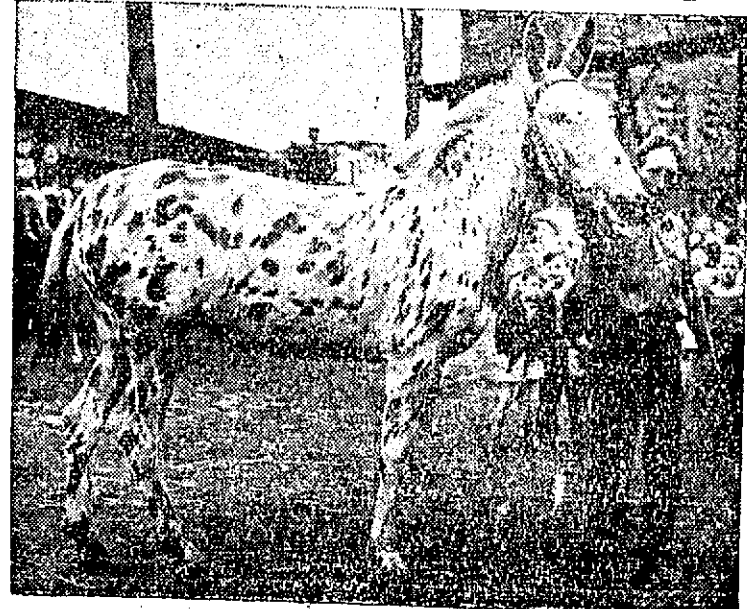

governorship of New York?

How will third-term Governor Bricker, of Ohio, and two-time No. 1 Willkie man, Governor Stinson, fit into the picture? Dewey's precedent shattering victory can't be brushed off, but neither can the fact that a Willkie Democrat, running on a Republican ticket, turned out New Deal Sen. Josh Lee in normally Democratic Oklahoma or that Clare Boothe Luce, a staunch Willkieite from the drop of the hat, walked into office as a Connecticut congresswoman.

I don't believe capital observers from now on will ignore the fact that it's just possible Joe Voter doesn't give a whoop about all this behind-the-scenes business; but they can't forget either that with Mr. A. Politician, its bread and butter and the future of democracy. If the in-man can't guess better what the public wants than he did in this crisis, then Congress, the only elected body in Washington, (barring the President, a.s.n., n. It's in for a change.

The Gold Coast of Africa is the world's greatest producer of cacao beans, the source of chocolate.

Animal Oddities Coming to Hope Monday, November 16

to have on 1944. To try to predict at this time is a waste of words. The war can be over, at its best, or at its worst in 1944. Whatever happens will change the situation. But one thing is being repeated constantly around Washington today — the parties are in a mess. The C.O.P., for all its staggering gain, is looking right down both barrels of a hair-trigger gun.

Two-Man Jap Submarine on War Bond Tour

Navy turns over midget undersea craft (pictured above at left, as it was captured on fateful December 7, 1941, at Pearl Harbor) to Treasury Department to promote sale of War Bonds in hundreds of cities from coast-to-coast. Its visit to this state will be under the direction of our War Savings State Administrator instead of a Tokyo war lord. These two photos tell their own story of how the sub's stab-in-the-back venture backfired.

WASHINGTON, D.C. — Millions of Americans will have the opportunity to study at close range the suicide two-man Japanese submarine, which was captured during Japan's sneak attack on Pearl Harbor on fateful December 7, 1941, the Treasury Department announced today.

Mounted on a huge truck and tractor rig, the submarine, nicknamed "The Tojo Cigar" by its captors, has been turned over to the War Savings Staff for a coast-to-coast tour to promote the sale of War Bonds and Savings. Along with War Bond rallies there will be naval recruiting activities in communities in which the submarine will be shown. Starting in San Francisco, the tour winds through California and then heads Eastward by way of the Southwest. Ports have been cut in its sides and walkways installed to give the public a good view of the deadly craft.

The undersea craft went aground on Oahu Island after it had vainly fired one torpedo at an American cruiser. The commander was seized as he attempted to swim to safety. The other member of the crew drowned.

The "Tojo Cigar" was still carrying the two 18-foot torpedoes when captured. It had a cruising range of only 200 miles. Its construction indicated it was truly a suicide ship. Launched overside from the deck of a large ship by cranes, it was never expected to return to the mother vessel.

The midget submarine is 41 feet long, has a beam of 5 feet, and a conning tower 1 1/2 feet above the deck. The hull is constructed of

Comfort in the Court

Dozing comfortably, Irwin Kadens, Army deserter accused of being a kidnaper, bandit and the attacker of numerous women, appears to be the most unconcerned man in the Chicago courtroom as he goes on trial for robbery.

The flotation process used in recovering gold from its ores has been adapted to production of a high grade flour.

Prize Chickens Go In Warm Storage

Jefferson City — (AP) — That fuss over the prize chickens caught Robert James with several hundred prize-winning show chickens and he's still stuck with them.

James now spends his time keeping his fourteen varieties groomed, for he believes that when the world is normal again show chickens will be in greater demand than ever before.

A year ago he made 35 states with 800 unique chickens and geese, displaying them at poultry shows and fairs to the tune of \$500 weekly in prize money. His cornish games, cochin, Australian Kewis, Crevecoeurs, Sultans and Polish are biding their time, too.

"There's very few poultry shows nowadays," James says. "All the boys over the country are selling their birds or nest to nothing. Mine are worth more than \$5,000 right now and I wouldn't part with them."

Full coordination of the muscles of the eyes is not believed to be attained in children until their fifth year.
